

The Surgery Center of Potomac is a multi-specialty outpatient surgery center committed to quality for our patient population. This is demonstrated by our continued accreditation with the Accreditation Association for Ambulatory Health Care, Inc.. Our specialties include plastic surgery, ocular plastics, general surgery, GI, GYN, GU and Chiropractics.

We respect the rights of our patients and provide the courtesy, respect and compassion you, the patient, deserve. Our expectation is to provide you with health care excellence. Our staff is committed to personalized care. We provide an exceptional nurse to patient ratio to facilitate the highest level of quality care, patient comfort and management of postoperative pain.

Prior to discharge, all patients receive a patient satisfaction survey. We strive to improve and welcome feedback and suggestions from our patients. We utilize the responses to improve and provide the best possible care to our patients. Our goal is to provide patients with quality, cost-efficient care with 100% patient satisfaction.

SCP is equipped with state-of-the-art equipment, a large, comfortable waiting area, a pre-operative area, two operating rooms, a non-invasive procedure room and recovery area.

We value our patients privacy, [click here for more details](#) .

I would definitely recommend your team to family & friends. I really appreciate everything you & your staff did for me!! Thank you!

Very satisfied with my results.

From my initial consultation visit up until the day of my surgery, and all post op visits, the entire staff that I came in contact with was extremely courteous, caring and very professional. If I had to make a decision to do surgery all over again, just based on the care and concern given by the doctor and staff, I would not hesitate to do it again.

The nurses were absolutely wonderful during my recovery period after surgery-they were both comforting, energetic and just made me feel at ease. I can't express how they helped me get through my panic post-surgery.
